INTENSIVE DUTCH LANGUAGE COURSES

VIP FORMULA

The AVOC institute was founded in 1973 and has therefore more than twenty-five years of experience in reliable language training.

Our motto has always been individual attention. Our aim is to give students the ability to speak fluently and to understand the Dutch language at all levels and in all situations. AVOC's teaching staff is fully qualified and our language methods are fundamentally communicative.

Individual lessons (one-to-one tuition) take place in a relaxed atmosphere and provide students with stimulating ways in which to practice the language in realistic situations, develop comprehension and improve their ability to communicate in Dutch.

AVOC is situated in the centre of Venlo, a town steeped in history located on the eastern bank of the river Meuse in Limburg (South Netherlands).

Although almost all European languages are taught at AVOC, intensive Dutch courses constitute its main activity and AVOC has built up a very solid reputation in this field.

We hope you find all the information you need in this brochure and we hope our offer meets your wishes because we are sure you will enjoy your stay at the AVOC Institute.

VIP FORMULA: Dutch intensive private tuition
with programmes of 4, 5 or 6 hours per day)

This course is especially designed for professional people, executives, university students, teachers etc. who wish to learn or perfect the Dutch language within a very short time. All levels are possible and private courses can be tailored to suit the student's requirements. The one-to-one tuition demands a high level of participation but gives remarkable results.

EXTRAS:

As an extra we offer a lunch option. Lunch in one of Venlo's cosy restaurants with a Dutch business senior gives the student the opportunity to practise the language in a pleasant and relaxed atmosphere.

AVOC TEACHING METHODS

Conversation classes

Due to emphasis on conversation classes and on intensive training, AVOC has been successful in producing excellent results.

A language can be learned much faster if practised frequently. Thus, the more attention students receive and the more opportunity to speak the language, the better and faster the results.

Dutch for special purposes

During classes all aspects of daily life are dealt with in a pleasant atmosphere, but without neglecting the study of grammar and structure. Avoc also offers the possibility to specialize in a particular field (p.e. law or business).

Language laboratory - Video - Computer

Besides the conversation which is the most important element in the AVOC courses, we also offer lessons in the language laboratory, computer assisted exercises and videotraining. During these sessions the student is able to work at his own pace, practice or repeat the subjects and structures he finds difficult and expand his vocabulary.

We use the best courses available, we develop our own exercises according to the student's needs and problems and all the material is continually being up-dated. Records are kept of work done, so that progress can be checked.

START OF THE COURSE

Due to AVOC's "individual approach" it is possible to start courses every Monday.

ACCOMODATION

AVOC students usually stay with a carefully chosen guest family, who offers full board and a single room. Staying with a guest family allows the student to practice the language, meet Dutch people and gain first-hand knowledge of how they live. A perfect and pleasant way to keep your Dutch "going". Alternatively you might prefer to stay at a hotel. There is a wide variety of comfortable hotels in the area and we will be pleased to help you select the hotel of your choice.

MINIMUM AGE

Please note that the student must be at least 18 years of age in order to attend the AVOC courses.

ENROLMENT

If you wish to take advantage of an Intensive Dutch VIP Course, would you kindly complete the form and then send it to us in Venlo.

VENLO - LEISURE ACTIVITIES

Venlo, a town steeped in history, with an international atmosphere, has over 65.000 inhabitants and modern and attractive shopping facilities.

Cultural activities can be arranged through the school. There are facilities in the locality for water and other sports. Venlo is situated in an ideal area for walking and cycling.
